.Q: Is it possible to write to a text file in a specific position in C# without iterating? I am trying to implement a system where the user should be able to insert a point into an image. The point is then saved to a text file, preferably at a specified position. Is this possible? And if so, how? A: Yes, using StreamWriter. The main issue is this code reads from the "data" that's passed in. If you have a particular offset or a number of characters, then you can use that data: StreamWriter myWriter = File.AppendText
