It's easy to locate how and where you might need to update drivers.I am anxious and excited to show you my latest project: Sunny, aka my amazing vivan box. I am so thrilled with how it turned out, I couldn't be happier with how it turned out. I started with the shell and decided to go with the "Finished" look with the black acrylic. I used black acrylic glass to set it off. The Eiffel tower was 3D printed and I was able to attach it to the box just perfectly. I layered on silk, added brass and black paint. When my niece came over to play with the box, she was amazed at how many cute things we could fit inside. I was able to fit 3 feet of jute twine and a spool of thread. I found a little old dress on a thrift store rack that I wanted to wear so I turned the box into a vivan box. I hope you like it!/** Copyright (c) 2012, 2018, Oracle and/or its affiliates.
